JOÃO PEDRO NASCIMENTO MONTEIRO

Information Security Analyst

Salvador/BA, Brazil | linkedin.com/in/joaonasmont | joaonasmont@gmail.com | (71) 9 8187-5659

PROFESSIONAL PROFILE

Computer Engineering undergraduate specializing in Defensive Security and GRC. I combine the technical execution of operations and incident response with a strategic application of industry frameworks (NIST RMF, ISO 27001). A highly adaptable professional, I am capable of maintaining complex security architectures as well as designing and implementing security programs from the ground up.

PROFESSIONAL EXPERIENCE

Information Security Intern   06/2025 - Present
Federação da Indústria do Estado da Bahia (FIEB) - Bahia, Brazil

- Execute vulnerability scans and patch management.
- Develop and optimize incident response playbooks based on NIST CSF.
- Develop security awareness campaigns focused on mitigating phishing and other similar risks.
- Implement security measures based on regulation such as PPSI and CIS Controls.

Volunteer Cybersecurity Intern   11/2024 - 06/2025
IT Superintendence for the Federal University of Bahia (UFBA) - Bahia, Brazil

- Implemented and operated cybersecurity tools such as ASM and SIEM.
- Implemented security hardening best practices for a complex Linux environment.
- Managed projects for the implementation of security tools and security awareness programs.

HIGHER EDUCATION

B.Sc. in Computer Engineering (Pursuing)   *03/2024 - Present*
Federal University for the State of Bahia - Bahia, Brazil

CERTIFICATIONS

- **CompTIA Security+**
  CompTIA (2025)
- **NIST Consultant - Complete RMF & CSF Training**
  Udemy (2025)
- **Google Professional Cybersecurity Certificate**
  Google, via Coursera (2024)

HARD SKILLS

- ISO 27001, NIST CSF & RMF Frameworks.
- LGPD (Brazil's version of GDPR).
- Hardening in Linux, Windows and mixed environments.
- Asset and vulnerability management.
- Incident detection and response.
- WAZUH SIEM, EPP, ASM and NAC.
- Python, Bash and C (Intermediate).
- Malware analysis and reverse engineering (Beginner).

SOFT SKILLS

- Written and spoken communication.
- Time and project management.
- Critical and analytical thinking.
- Leadership and collaboration.
- Problem solving under pressure.

LANGUAGES

- **English**: Fluent
- **Portuguese (BR)**: Native
